Re: Helen A. Runge v. Walter J. Kelly, et al.
No. 05-10849-RGS
Our File No. 812-03

Dear Mr. Williams,

We are in receipt of Defendant Sunbridge's response to Plaintiff's Request for Production of Documents and have reviewed it. We note that Defendant Sunbridge has produced Plaintiff's medical records from Sunbridge and the Department of Public Health's report regarding the complaint made to it regarding Sunbridge.

Although you have made objections to multiple requests for production of documents, you have not identified whether any documents are being withheld as a result of the objections. We ask that you either identify the documents withheld from your response or produce the requested documents in order that we may resolve this issue.

Additionally, we note that several of the responses indicate that there were no documents at the time of the response, but that Defendant Sunbridge reserved the right to supplement the response at a later date. In some cases, it seems unlikely that there are no documents responsive to the request. For example, Request No. 6 seeks itemized bills for charges made to Plaintiff or any third party payer on Plaintiff's behalf by Sunbridge. We ask that Defendant Sunbridge supplement its answer with any documents responsive to this and other requests that were answered by Sunbridge as stating there were no documents at the time of response.

Re: Helen A. Runge v. Walter J. Kelly, et al.
No. 05-10849-RGS
Our File No. 812-03

Dear Mr. Williams,

By letter dated November 2, 2006, we contacted you requesting that Sunbridge supplement its response to Plaintiff's Request for Production of Documents. It was our understanding from separate phone conversations with you that Sunbridge would provide Plaintiff's medical records from Sunbridge and that the other documents would follow. However, Sunbridge has not produced any documents other than Plaintiff's medical records, Plaintiff's power of attorney and proxy documents, Defendant Bloomingdale's April 29, 2003 medical certificate and the Department of Public Health's report regarding the complaint made to it by Plaintiff regarding Sunbridge. We have received Sunbridge's Privilege Log listing some documents that have been withheld, but it does not appear to adequately address all of the issues we raised in our correspondence questioning the accuracy of your client's response.

We believe numerous documents in Sunbridge's possession have not been produced to Plaintiff. In particular, Resident Assessment Protocols, as sought in Request No. 1(b), were not included. Sunbridge's response to Request No. 7, which sought all insurance policies relating to Sunbridge in effect during Plaintiff's residency at Sunbridge, was "None at this time. The Defendant reserves the right to supplement this response at a later date." Please confirm that there were no insurance policies or coverage in effect during Plaintiff's residency. Also, Sunbridge's response to Request No. 20, which sought contracts with Sunbridge's medical director or outside consultant medical doctors, was also "None at this time. The Defendant reserves the right to supplement this response at a later date." We ask that you supplement your response at this time with documents responsive to these requests.

You have made objections to multiple requests, which objections are inappropriate. You objected to Request No. 12 "on the grounds that the request is overly broad, unduly burdensome, and is not calculated to lead to the discovery of admissible evidence. Further responding, the Request seeks information that would invade the privacy of other individuals, namely Mediplex's employees, and therefore cannot be produced." This response is disingenuous, as the dates of April 29 and 30, 2006 are important dates referenced in Plaintiff's claims and, therefore, the documents showing the employees working on these two dates are relevant to this matter. Moreover, the work history of these employees at Sunbridge is very relevant to this litigation. To the extent you have objected to Request No. 12 because the information sought would invade the privacy of individuals, we do not agree that this is an appropriate objection to the information sought, as this information is related to the events of April 29 and 30, 2003 and is information to which Plaintiff is entitled.

You objected to Request No. 15 "on the grounds that the request is overly broad, unduly burdensome, and is not calculated to lead to the discovery of admissible evidence." Request No. 15 seeks a copy of organizational charts and/or corporate structures of Sunbridge during Plaintiff's residency, which is a narrowly tailored request and seeks information directly related to Sunbridge as a defendant in the matter.

You objected to Requests No. 16 on the same grounds as Request No. 15. The practices of Sunbridge are directly applicable to the instant matter and Plaintiff is entitled to review the requested policy and procedural manuals.

You also objected to Requests No. 17 on the same grounds as Request No. 15, although the four listed positions were critical to Sunbridge during Plaintiff's residency and therefore related to Plaintiff's claims. It is beyond the pale of imagination how the request for four relevant job descriptions is overly broad or unduly burdensome.

The same objection to Request No. 15 was made again to Request No. 22, which sought daily census reports and/or records with resident acuity information during Plaintiff's residency. Again, this request is narrowly tailored and applicable to Plaintiff's claims, and Plaintiff is entitled to review these documents.

You objected to Request No. 23, which sought certain work information for employees for April 29 and 30, 2006. The information requested is for a specific, narrow time period that is significant to Plaintiff's claims. To the extent you have objected to Request No. 23 because the information sought would invade the privacy of individuals, we do not agree that this is an appropriate objection to the information sought, as this information is related to the events of April 29 and 30, 2003 and is information to which Plaintiff is entitled.

Finally, you state that Sunbridge does not possess any documents responsive to Request Nos. 9 and 11, which, respectively, sought documents relating to any business relationship between Sunbridge and Bloomingdale during a specified time period and documents relating to any payments Sunbridge

made to or received from Bloomingdale during a specified time period. Bloomingdale's testimony in his recent deposition and the fact that Bloomingdale had examined Plaintiff in the Sunbridge facility certainly indicate that there are documents responsive to these requests in Sunbridge's possession and, accordingly, we request that you provide such documents.

We have been waiting for these documents for some time and would like to resolve this dispute as soon as possible. Unless these issues are resolved next week, we will be forced to file a Motion to Compel with the Court. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrea E. Dean". The signature is fluid and cursive, with the first name "Andrea" and last name "Dean" clearly distinguishable.
